A new platform

to simplify Blockchain, NFT and Metaverse adoption

Handles everything related to the blockchain, NFT and metaverse technologies

Problem

Blockchain, NFT and metaverse technologies are cumbersome and complex by their nature. It takes enormous time for companies to adopt these technologies and build solutions.

Complexity

Complex technology

Interoperability

A new blockchain , NFT or metaverse to integrate everyday

Standards

Lack of standards

Scalability

Crypto transaction scalability is complicated and difficult

Opportunities

Mass Blockchain and NFT Adoption

It is time to adopt blockchain and NFT technologies. Real-life business cases & implementations

Blockchain

NFT

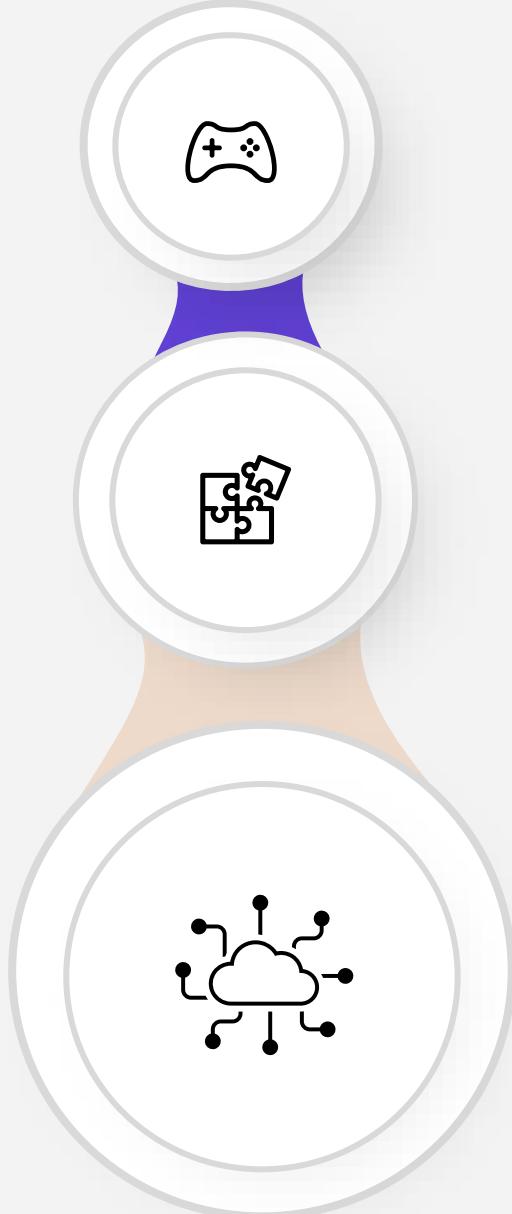

Crypto Gaming and Metaverse

Blockchain & NFT games , early phases to explore metaverse technology and platforms.

Gaming

Metaverse

Wodoland

The first blockchain & NFT enabled Mmorpg game leveraging the wodo platform services and gaming solutions.

Play to earn and collect.

Demo: <https://www.youtube.com/watch?v=QpTORoBwLls>

Wodo Gaming

Game Hub, Marketplace, Launchpad, Wallet solutions and development kits to adopt blockchain technologies at speed in gaming industry. It is built upon the wodo platform

Demo: <https://www.youtube.com/watch?v=XII5Teylg5M>

Wodo Platform

Multitenant, secure, scalable and intelligent platform with blockchain, NFT and metaverse integration services.

Intro: https://www.youtube.com/watch?v=339_rUo_HOU

WODO PLATFORM

Wodo Platform is built on a cloud SaaS architecture that empowers businesses to do easy cryptocurrency/blockchain, NFT and metaverses integrations into their business use cases rapidly, painlessly through seamless API integrations and automation.

Easy to Use

We are building smart APIs and Client SDKs for easy integration

Scalable

The infrastructure is on the cloud so it can scale easily

Business Intelligence

Analytic data with business intelligence, recommendations with AI

WODO GAMING

Game Hub

An active community, online games enriched with cryptocurrency and NFTs

Development Platform

Platform APIs, integrations for blockchains, NFT platforms and metaverses. Software development kit for game developers

Solutions

Novel solutions – Marketplace, Game Store, Launchpad, Game Hosting

WODOLAND GAME

First Game Design

First Mmorpg and quest-based game design leveraging the platform services and solutions

In-Game Economics

Play-to-earn cryptocurrencies and play-to-collect NFTs

“

**No matter what the context,
there's a strong possibility that
blockchain will affect your
business. The very big question is
when.**

Harvard Business Review – 2017

”

Wodo Platform Architecture

Wodo Platform is a SaaS product suite that helps small/large scale businesses adopt and integrate cryptocurrencies into their business models by offering seamless API integration, easy automation, drag&drop business flow design, real-time analytics, and business intelligence

Business Case

Wodo Gaming is an open-source platform where gamers and game developers come together to develop, publish and play next-generation games enriched with blockchain, NFT, and Metaverse technologies in one interoperable, secure and highly scalable ecosystem. Wodo Gaming is built upon Wodo Platform and leverages the platform's capabilities

Game Hub

An active community, online games enriched with cryptocurrency and NFTs

Development Platform

Platform APIs, integrations for blockchains, NFT platforms and metaverses. Software development kit for game developers

Solutions

Novel solutions – Marketplace, Game Store, Launchpad, Game Hosting

Wodo Gaming Solutions

Game Hub

Plenty of games with cryptocurrency and NFT capabilities are hosted on the wodo game fleet

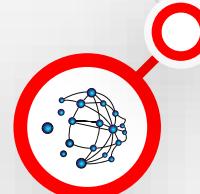

Game Store

Publish and advertise your new-generation games on the Wodo Game Store

Game Hosting

It is a framework for hosting, running, monitoring, and scaling dedicated game servers.

Development Platform

Development

An integrated platform with scalable services, APIs, and a software development kit (SDK).

Launchpad

Platform integration, in-game economics, marketing, Wodo community introduction for the game development companies

Marketplace

A place to buy/sell interoperable NFT assets, seamless integration with Wodo Games and the platform

Game Hub

An online social arena to play Wodo games with other community members and earn instant cryptocurrencies and NFTs while playing

Play to Earn
cryptocurrencies

Play to Collect
NFTs

Development Platform

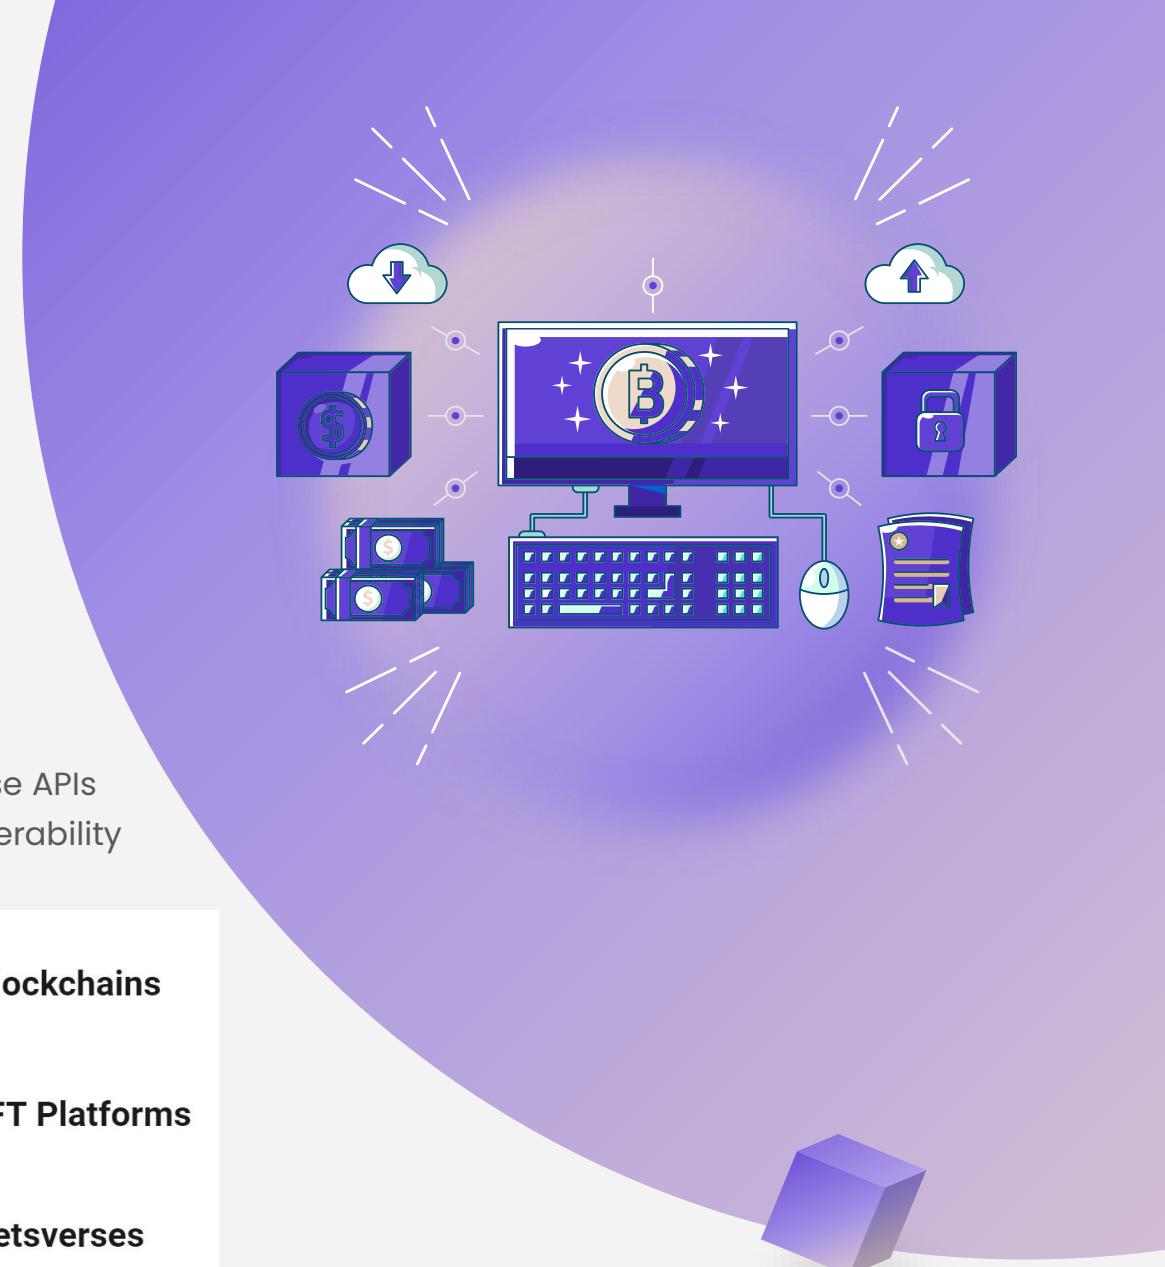

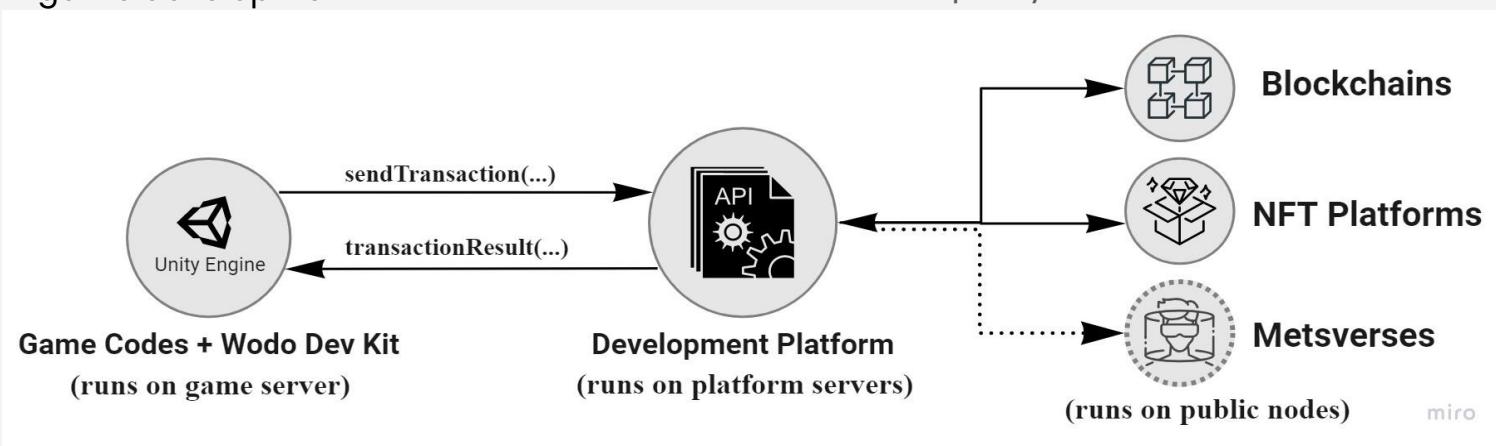

Blockchain APIs
NFT APIs
Metaverse APIs

SDK – Client Libraries

Wodo Gaming SDK is a toolset to make game developers' life easier during game development

Platform APIs

Blockchain, NFT and Metaverse APIs and integrations with interoperability and simplicity

Disruptive Business Model

Blockchain and metaverse are disruptive innovations that create new business models and a new digital economy. The new Web 3.0 ecosystem will be built in a decentralized and democratized way so that our competitors are also our partners during the early adoption phase of the Web 3.0 era

Forte

Provide blockchain and NFT solution for gaming industry. Secured total capital raise more than **\$900 million** in total throughout Series A&B

PlayDApp

Bring non-Crypto game users into blockchain game users through the PlayDapp service platform. Current market cap is **\$310 Million**.

Ore Systems

Offers next generation NFT and blockchain technology for game developers. Recently raised **\$450 thousand** throughout public token sale and current market cap is **\$8 Million**.

Our competitive advantage is our generic Wodo Platform that allows any blockchain, NFT and metaverse business cases to be built fluently along with gaming business case in end-2-end manner
